# M365- as-a-Service

Unlock the full potential of Microsoft 365  
to secure and transform your organisation

# M365-as-a-Service Overview

**Managing M365 is an around-the-clock job. Let us do it for you.**

There has never been a better time to achieve more with Microsoft 365 as the world accelerates to digital, modern workplaces. But purchasing a license is just the beginning.

Somerville are a trusted, Microsoft Gold partner and our skilled engineers will help your organisation reap all the benefits of M365 and unlock its full potential.

We ensure seamless migration, deployment and management of M365, combined with top-notch 24/7 support and speedy SLA options.

The security and privacy of your environment is our top priority, and we pride ourselves on having some of the highest M365 security standards in the industry, ensuring a multi-layered security approach and continuous compliance.

Based on a flexible licensing model to meet the demands of your organisation without the large capital outlay, you'll only be paying for the services you require.

## Problems Solved

- Communication and collaboration issues associated with remote working environments
- Daily maintenance – remove the burden of patching, potential vulnerabilities and ensure everything is up to date
- No need to allocate resources, on a more frequent basis to test and support OS updates. Avoid this costly process
- Rapid flex capability – as you need, both up and down
- No need to worry about compliance with various regulatory frameworks
- Benefit from IT skills and expertise which organisations may not have in-house
